EXPERIENCE

Symliv LLC

Logan, UT

Software Developer | JUN 2021 - PRESENT

Customer facing access control for vacation rentals. Backend and frontend development on a cloud–based MERN stack, DNS administration, Image generation and cloud storage.

Logan Small Business Development Center

Logan, UT

Developer and IT Consultant | APR 2020 - JUN 2021

Responsibilities included consultations with entrepreneurs about the latest tech market trends, developing e-commerce websites, advising business owners on system architecture, and providing support for the variety of IT related concerns new companies have.

EDUCATION

Utah State University

Logan, UT

Computer Science BS, Minor in Mathematics | JAN 2019 - MAY 2023

My degree has expanded my skills and helped me learn the tenets of good software and algorithm design. I have gained experience working with groups, solving complicated problems efficiently, and rapidly getting up to speed on new topics. My minor has given me a foundation to interface with complex ideas and topics related to computer science, that are useful in many applications.

3.52 GPA

Grantsville High School

Grantsville, UT

High School Diploma | AUG 2014 - MAY 2018

4 Years on the Grantsville High School Tennis Team and the Grantsville High School Speech and Debate Team. 2 Years as a member of the Grantsville High School Chapter National Honors Society.
